TRESGOTS Thomas
STUDENT IN NETWORKS & TELECOMS

ABOUT ME

I'm currently doing a work-study programme as part of my **Technological Bachelor's degree** mastering in **Networks** and **Telecommunications**, and I'd like to go to engineering school at the end of my course.

TECHNICAL SKILLS

IT :
- **Environments :** Linux (Apache); Windows (IIS)
- **Office Pack :** Word; PowerPoint
- **Programming languages :** C; Python; Bash; Shell

Networks & Security :
- **Configuration and administration :** Linux network
- **Configuration :** CISCO switches and routers, FireWall (Cisco ACL), WIFI, VPN (ASA)
- **Routing :** inter-VLAN; static/dynamic (RIP, OSPF)
- **Basics of cyber security :** cyber Essentials (Cisco)

Telecommunications :
- **Transmission techniques :** Wifi; Bluetooth; DECT
- **Wireless transmission :** OFDM; SISO; MIMO

PROJECTS

During my formation, we carried out projects called **LES** (**L**earning and **E**valuation **S**ituation).

Contributed to the development of a multi-sites network. I developped VLANs and ACL for this project.

Participed in the creation of the network of a medical cabinet. I was the spear head of the network side and the web side.
